

## *Certificate of Compliance* **European Union RoHS Directive 2002/95/EC**

Dear Valued Innovative Integration customers,

Innovative Integration is dedicated to serving you by providing highest quality products solution that meets environment regulation. We committed to an environmental policy leading to a reduction in hazardous substances in our products. This is in compliance with European Community Directive 2002/95/EC, commonly referred to as RoHS or “Green Policy”, for electronic products.

We are providing you the following information to assist you in meeting your environmental policies and procedure.

- ❖ Innovative Integration has been producing products that are RoHS compliant since 2007. A majority of Innovative Integration products are RoHS compliant. All products that are compliant with the RoHS Directive are marked RoHS Compliant.
- ❖ Certain customers are still desire some of our old products that are designed and manufactured before 2007 that are not RoHS compliant. Innovative Integration produces these products but their manufacturing, storage and handling is completely segregated from the RoHS compliant products to minimize contamination of the RoHS compliant products.
- ❖ The compositional information of our products is posted on our website at: <http://www.innovative-dsp.com/company/rohs.htm>. And customers are encouraged to utilize this resource to get more information on Innovative Integration products.
- ❖ Customers requiring more information on Innovative Integration products and their RoHS compliant are advised to contact [dmclane@innovative-dsp.com](mailto:dmclane@innovative-dsp.com). Or Dan McLane at 805-578-4262.

We thank you for your continued support on our products and services.

Sincerely,

Dan McLane  
Co-Founder
